

## **Prof. Dr. Fakher Assaad**

Date of birth: November 3, 1964  
Gender: male  
Office address: Institut für Theoretische Physik und Astrophysik  
Julius-Maximilians-Universität Würzburg  
Am Hubland  
97074 Würzburg  
Phone +49 (931) 31-83652  
E-mail: assaad@physik.uni-wuerzburg.de  
Position: Professor (C3)  
Family status: Married, 2 children

## **Academic Education**

1983 – 1991 Undergraduate studies, ETH Zürich.  
1988 Diploma, Physics, ETH Zürich.  
1991 Doctoral degree, Physics, ETH Zürich.  
Supervisors: T. M. Rice and D. Würtz.

## **Professional Career**

1991 – 1993 Postdoctoral Research Associate, Universität Würzburg.  
1994 – 1995 Postdoctoral Research Associate, University of Tokyo.  
1996 – 1997 Postdoctoral Research Associate, University of California at Santa Barbara.  
1997 – 2000 Research Associate, Universität Stuttgart.  
1998 Habilitation, Universität Stuttgart.  
2001 – 2003 Heisenberg Fellow of the DFG, Max-Planck-Institut für Festkörperforschung Stuttgart.  
2003 – present Professor of Physics (C3), Universität Würzburg.

## **Fellowships, Awards, and Services to the Community**

1991	Second prize of the Seymour Cray Switzerland Competition. Award received for <i>Exact Diagonalization and Monte Carlo for Strongly Correlated Fermions: Phase Diagram of the One-Dimensional t-J Model</i> in collaboration with M. Ogata, M.U. Luchini, S. Sorella and D. Würtz.
1995	Research fellowship from the Japan Society for the Promotion of Science (January 1995 – December 1995).
1996	Research fellowship from the Swiss National Science Foundation (February 1996 – July 1997).
2000	Heisenberg Fellowship awarded by the DFG.
2009	Co-Spokesman of the DFG Research Unit FOR1162 <i>Electron correlation-induced phenomena in surfaces and interfaces with tunable interactions</i> .
2012	Project proposal for computational resources was awarded the <i>John von Neumann Exzellenz-Projekt 2012</i> prize.
2013	Spokesman of the DFG Research Unit FOR1807, <i>Advanced Computational Methods for Strongly Correlated Quantum Systems</i> .
