

International Research Guesthouse

Rules of Life

INTERCOM SYSTEM

At the entrance, you find the control panel (as in the picture) to open the gate. This also gives access to the intercom system.

People can call to inside apartment from there:

- 1: Click on the up/down arrow
- 2: The screen displays the number of the apartment
- 3: Click Call button

Inside your apartment, your in-unit device is mounted on the wall by your front door.

- 1: When a visitor calls you, press and hold the talk button to speak with he/she
- 2: Press the key - door release button to unlock the door.
- 3: Off to turn off the system or to refuse the call.

WASTE BIN:

In the bin storage area (ground floor of the guesthouse, next to the second entrance), there are big bins where you can throw your trash bags and your recycled waste.

We kindly ask you to respect the recycling and sort your waste:

Grey cover and green cover:
Only for household waste in trash bags.

Yellow cover:
Only for recycled waste - No trash bags
- no plastic bags - please
respect carefully the instructions on what to
throw inside this bin (I already noticed that not
recycled waste is thrown in it)

Packagings and papers to recycle

COMPOST:

You can compost your green waste by using the compost of the Maison internationale de la recherche.

Please respect carefully the instructions in order to have a healthy compost

LAUNDRY AREA:

Both dryers have filters that need to be cleaned after each cycle. Please be careful of cleaning it after using it.

When they dry the laundry, the water is drained in a water box that you must empty after each cycle.

VENTILATION OF YOUR ACCOMODATION:

In order to keep a healthy indoor environment, we kindly invite you to ventilate your apartment twice a day. Viruses, cooking smells and dust will be away and the air will be more breathable.

COVID-19:

According to the health protocol in the university, please remember to wear a mask as you accessing the lounge and in the elevator. Do not hesitate to use the hand sanitizer in the lounge and always respect the social distance of 1 meter between you and other people.
